Legend for Roster and Item-Level Report

Mathematics and Reading

Item Number: This is the number of the question on the test.

Standard: This shows the primary standard each question correlates with. Some items may correlate with more than one standard.

Total Possible Points: This number indicates the total possible points awarded for the item (4 points).

Summary of Scores: Averages are listed for various groups of students (e.g. school and system).

For all items, the average of the number of points awarded to all students in that group is shown.

Name: Each student's name is listed, followed by response information for each item on the test.

For all items, a number (0, 1, 2, 3, or 4) indicates how many points the student earned for that item.

Scaled Score: This column shows the scaled score that corresponds to the total points earned on items that prelate to Montal dards.

Performance Level: True on shows the berford level into which the student's scores fall.

Advanced (A) The student at demonstrates the ability to carry indicators.

1 vance accurately and independently content so cific performance indicators.

Proficient (P)

The stude of the Properties demonstrates the ability and accurate the performation dicators. In performance wide variety of content specific performations and the Properties of the Properties

paring P. ncy (NP

student Vearing ficiency level, given moderate prompting, nstrates espond accurately in performing a narrow set of specific mance indicators.

N N

The at the level, given physical assistance and/or modeling, is supposed to participate the content specific performance indicators.

N tay Itern Assessment Scoring Rubric Pe nance (Independence and accuracy)

Us to scc y item during the structured observation test activity.

4	3
Student responds accurately and with no assistance.	Student responds accurately when teacher clarifies, highlights important information or reduces the range of the options to three.

Student responds
accurately when teacher
provides basic yes/no
questions or forced choices
between two options.

0
Student does not respond or actively resists.
